

Christopher Thomas Maloney was born April 1, 1993. His true passion was to the sport of Golf; encompassing the traditions, individual commitment, honesty and ethics, required perseverance, and social aspects. Chris harnessed these facets to help battle the disease of addiction which ultimately took his life on June 19, 2016.

The mission of the Chris Maloney Legacy Foundation is to raise awareness of the growing issues surrounding addiction. Addiction is a primary, chronic disease of brain reward, motivation, memory and related circuitry. Assisting in the prevention of addiction is our long term target, along the way we hope to support in the treatment of this disease as well.
